Notes:																		
<p>A) A rating reflects only the view of the rating agency assigning such rating, from whom an explanation of the procedure and methodology used by such rating agency may be obtained. Harris County/Flood Control is not obligated to maintain the current ratings on the bonds and there is no assurance that ratings will continue for any given period of time or that they will not be revised downward or withdrawn entirely if, in the judgment of the rating agency, circumstances so warrant. Any such downward revision or withdrawal could have an adverse effect on the market price of any or all of the bonds. Harris County/Flood Control will undertake no responsibility to oppose any withdrawal or revision of such ratings or to notify the owners of the bonds of any such revisions or withdrawals of ratings. A securities rating is not a recommendation to buy, sell or hold the bonds.</p> <p>B) The Flood Control District bonds and Flood Control Commercial Paper programs are secured by and payable from the receipt of an annual ad valorem tax levied by the Harris County Commissioners Court on behalf of the Harris County Flood Control District within the limits prescribed by law on all taxable property within the County. The ad valorem tax rate that Commissioners Court may levy on behalf of the Flood Control District is limited by law to a maximum of \$0.30.</p> <p>C) The Contract Tax Bonds are secured by a pledge of and first lien on the payments by Harris County to the Harris County Flood Control District under a Flood Control Projects Contract. The payments under the Flood Control Projects Contract are secured by and payable from the receipts of an annual ad valorem tax levied, within the limits prescribed by law, on all taxable property within the County. The Texas Constitution authorizes the County to levy a tax for general fund, permanent improvement fund, road and bridge fund and jury fund purposes limited in the aggregate to \$0.80 per \$100 of assessed valuation (the "0.80 Tax Limitation"). The County has consolidated all of these constitutional purposes into a general fund tax levy, subject to the 0.80 Tax Limitation (the "General Fund Tax"). Harris County General Fund Tax is pledged to the payments by the County under the Flood Control Projects Contract.</p> <p>D) Harris County Flood Control District formerly issued commercial paper notes through its \$200 million Series F (Flood Control) commercial paper program. The bank facility for that program expired on August 1, 2016, and the program has remained dormant since that time, with no commercial paper notes outstanding.</p> <p>E) On November 14, 2017 Harris County Commissioners Court authorized a \$64 million commercial paper program designated as the Harris County Flood Control District Limited Tax Commercial Paper Notes, Series H, which is secured by the District ad valorem taxes. On October 9, 2018, Commissioners Court authorized to increase the program amount of the Series H Notes from \$64 million to \$250 million and on October 29, 2019, Commissioners Court authorized to increase the program amount from \$250 million to \$500 million.</p> <p>F) In addition to the outstanding bonded debt of the District, the Commissioners Court has established a multi-series commercial paper program for the purpose of financing various short-term assets and temporary construction financing for certain long-term capital assets. Commercial paper is a short-term debt obligation with a maturity not greater than 270 days. When commercial paper matures it can be either rolled-over, converted to term loans, or refinanced with long-term bonds. Commercial paper notes issued by the District are secured with ad valorem taxes. Commissioners Court, by policy, limits the period allowed for a commercial paper project not to exceed three years. Currently, the District has a \$500 million Series H commercial paper program.</p> <p>G) Combined principal and interest amounts for commercial paper reflect what would be due if balances were converted into a term loan. The principal amount outstanding is to be paid in installments according to the terms stated in their respective commercial paper agreements. There are no maturity dates for commercial paper programs at this time.</p>
