RE: Indigent Defense Attorney Billing Review Fiscal Years 2023-2025

Date: August 13, 2026

EXECUTIVE SUMMARY

The Harris County Auditor's Office – Internal Audit Division was requested to perform a consulting engagement to review indigent defense appointments and fees paid by Harris County to court-appointed attorneys for state fiscal years 2023, 2024, and 2025. The engagement included the following agreed upon procedures:

1. **Review of the Top 50 Court-Appointed Attorneys for Fiscal Years 2023 to 2025:** Provide a list of the highest paid court-appointed attorneys, including payments from all District and Harris County courts (i.e., felony criminal district courts, misdemeanor county criminal courts, juvenile courts, and family courts).
2. **Review of Case Counts and Amounts by Type of Offense:** Provide total cases by count and type of offense that were assigned to the top 50 highest paid court-appointed attorneys.
3. **Review of Case Assignments and Amounts Paid by Court:** Determine the amounts, case counts, and case types assigned by each court to the top 50 highest paid court-appointed attorneys.
4. **Review the Type of Service Payments by Attorney:** Review the attorney billings to determine the amounts paid for court appearances, jail visits, investigations, and expert witnesses for the top 50 highest paid court-appointed attorneys.

The results of our procedures are captured in the Results section and the various appendices.

BACKGROUND

The Texas Code of Criminal Procedure (CCP) Article 26.04 states that judges of the courts “shall adopt and publish written countywide procedures for timely and fairly appointing counsel for an indigent defendant in the county arrested for, charged with, or taking an appeal from a conviction of a misdemeanor punishable by confinement or a felony.” Pursuant to the CCP, an indigent defendant is entitled to have an attorney appointed to represent him or her in any adversary judicial proceeding that may result in punishment by confinement and in any other criminal proceeding if the court concludes that the interests of justice require representation. The CCP defines an indigent person as a person who is not financially able to employ counsel.¹

In 2001, the 77th Texas Legislature passed the Fair Defense Act creating the blueprint for distribution of indigent defense grant funding from the State of Texas to local governments through the creation of the Task Force on Indigent Defense (known as the Texas Indigent Defense Commission or TIDC). The Fair Defense Act required that all criminal courts in Texas adopt formal procedures for providing appointed attorneys to indigent defendants, allowing for prompt appointment of qualified attorneys.² As a result, the District Court and Harris County Court Plans set the standards and procedures for appointment of counsel for indigent defendants.³

An indigent defendant cannot select the attorney appointed to them. The courts can appoint a private attorney from an approved Master List, a public defender, or through a managed assigned counsel organization to represent the indigent defendant. Private court-appointed attorneys are paid based on the Harris County fee schedule for indigent defense in **Appendix B and C**. Harris County public defenders are attorneys employed by Harris County and are paid through an annual salary.

The Harris County Public Defender’s Office (PDO) was established by Commissioners Court in 2011 to represent people charged in the misdemeanor, felony, juvenile and appellate courts, who cannot afford to hire an attorney. The public defenders are not appointed for legal representation on capital cases. In addition to indigent defense, the PDO provides services such as representation at 24-hour magistrate hearings 365 days a year, immigration consultation for criminal cases, and community outreach programs.

In October 2020, the Managed Assigned Counsel (MAC) Program was implemented to manage appointments for people who cannot afford an attorney and are facing misdemeanor criminal charges in the Harris County Criminal Courts at Law.

Court-appointed attorneys are provided to an indigent criminal defendant, juvenile respondent, or ad litem for minors in abuse and neglect cases. These courts can be grouped into the primary areas as illustrated in **Figure 1**.

RESULTS

PROCEDURE 1: REVIEW OF THE TOP 50 COURT-APPOINTED ATTORNEYS FOR FISCAL YEARS 2023 to 2025

Attorney billing for the District Courts and Harris County Courts is processed through the Voucher Information Processing Systems (ViPS). The attorney submits a fee voucher in ViPS, and the system routes the invoice to the appropriate levels for approval, including the Presiding Judge or MAC Executive Director. Currently, the District Court Judges approve felony vouchers, while the County Court Judges have delegated approval of misdemeanor vouchers to the MAC. The MAC Office utilizes a five-stage voucher review process to ensure payment accuracy, identify double billing/overbilling, and maintain audit practices consistent with recognized best practices for payment of appointed counsel. The ViPS data includes court-appointed attorneys fees from the District, County Criminal, and Family Courts, but excludes manual vouchers and sensitive cases related to death writs, expunged, or sealed cases. However, Indigent Defense Expenditure Report (IDER) includes the amounts paid on these manual vouchers and highly sensitive matters.

The court-appointed attorneys annually self-report the percentage of their time spent in Harris County indigent defense cases by submitting an Attorney Practice Time Report to (TIDC) as mandated by CCP Article 26.04(j). The attorney self-reported practice time does not represent the percentage of revenue associated with his/her firm.

Figure 4 lists the top 50 highest paid court-appointed attorneys based on combined total amounts of attorney fees for fiscal years 2023, 2024, and 2025, including their self-reported practice time. Attorneys who did not self-report their Attorney Time Report for Harris County are marked as N/A in **Figure 4**. The payments to these attorneys were obtained from TIDC. The payments in **Figure 4** relate to indigent defense services performed by the attorney, but they do not include fees paid to an attorney for reimbursement of expert witness or investigation costs. The total payments, including expert witness and investigation pass-through costs paid to court-appointed attorneys, are presented in **Figures 7 and 8**.

PROCEDURE 2: REVIEW OF CASE COUNTS AND AMOUNTS BY TYPE OF OFFENSE

A court-appointed attorney usually submits the voucher for payment after disposition or dismissal of the case. Therefore, the amount paid in one fiscal year may include services provided in prior periods if the case duration extended over multiple fiscal years.

The degree of the offense will impact the difficulty, time, and related costs to adequately represent an indigent defendant. Per the TIDC's Guidelines for Indigent Defense (Guidelines), Texas attorneys should carry an annual full-time equivalent caseload for the delivery of reasonably effective representation of no more than the following case totals.

- 236 Class B Misdemeanors
- 216 Class A Misdemeanors
- 174 State Jail Felonies
- 144 Third Degree Felonies
- 105 Second Degree Felonies
- 77 First Degree Felonies⁶

TIDC's annual caseload guidelines differ from the case counts presented in the IDER. The IDER includes the number of cases paid and disposed during the fiscal year and cases where attorney withdrew or was substituted. IDER does not include interim payment in the case count as the case is ongoing. As such, the number of cases reported in IDER as illustrated in figures and appendices do not reflect annual caseload.

In October 2020, Harris County launched the MAC Program to oversee attorney appointments for indigent defendants charged with misdemeanors in the County Criminal Courts at Law. The MAC office developed a Plan of Operations (revised September 2025) that includes the Harris County Criminal Court case range limits. The MAC office relies on TIDC guidelines and the National Public Defense Workload Study (RAND) in establishing the case range.

Based on the combined study, the MAC's misdemeanors caseload range limits are as follows:

- Low Caseload Range Limit: 116 new case assignments
- High Caseload Range Limit: 224 new case assignments

The "Texas Rules of Professional Conduct and the Performance Guidelines for Non-Capital Criminal Defense Representation of the State Bar of Texas require of lawyer's sufficient knowledge, skill, preparation, time and resources for adequate representation. Furthermore, when attorneys cannot provide such representation, professional conduct rules and standards dictate that they should decline or withdraw from the case."⁷ Private attorneys may accept more cases than the Guidelines recommend.

Figure 5 displays the case counts, number of limited term assignment vouchers, and amounts paid by case type for the top 50 highest paid court-appointed attorneys based on IDER data for fiscal years 2023, 2024, and 2025.

PROCEDURE 4: REVIEW THE TYPE OF SERVICE PAYMENTS BY ATTORNEY

Payments to court-appointed attorneys are categorized by service types, which are defined as follows:

- **Attorney Fees:**
 - In Court Activities include court appearances for hearing, motions, trials, etc.
 - Jail Visit is time charged for in person jail visitation with the client.
 - Limited Term Assignment Fees are paid to attorneys assigned for providing legal representation for indigent defendants for a period of one to five days.
 - Other Attorney Fees include juvenile attorney fees, CPS attorney fees, non-itemized invoices, and out-of-court activities, such as interviews, records request, research, communications, documentation review and preparation, trial preparation, etc.
- **Expert Fees:** Expert witness fees are incurred by a court-appointed attorney in preparing or presenting a defense for an indigent defendant and submitted for payment/reimbursement in ViPS. This cost is in addition to the attorney fees billed for legal services.
- **Investigator Fees:** Investigator fees are incurred by a court-appointed attorney in preparing or presenting a defense for an indigent defendant and submitted for payment/reimbursement in ViPS. This cost is in addition to the attorney fees billed for legal services.

The table below presents a summary of total fees, by service type, paid to attorneys for each of the previous three fiscal years combined.

*Note: Variances in Figures 6 (IDER) and 7 (ViPS) for total attorney costs are due to manual vouchers, expunged records and fee adjustments not reflected in ViPS.

Figure 8 presents the amounts paid to the top 50 court-appointed attorneys for the three fiscal years 2023 through 2025 combined per ViPS. The amounts displayed include a breakdown of attorney fees, as well as the expert witness and investigator pass-through costs invoiced by the attorney. **Appendix G** presents the amounts by each fiscal year: 2025, 2024, and 2023, respectively. The data presented is limited to the accuracy of information entered by the attorney in ViPS. The category labeled as “Other Attorney Fees” includes payments that were approved with supporting invoices or affidavits uploaded to ViPS that are not itemized by fee type in ViPS. ViPS does not include attorney fees, expert witnesses, or investigators costs related to death writs, expunged, or sealed cases.

Glossary

Attorney Fees/Compensations – The amount of money paid by the county or managed assigned counsel program to a licensed attorney in accordance with the statute and local fee schedule for legal services rendered to an indigent defendant, juvenile respondent, or CPS cases. Attorney pay amounts are based on actual voucher payments (i.e., vouchers submitted and processed), rather than on the date the legal services were performed. As a result, vouchers paid during the reporting period may reflect work completed in a prior fiscal year. The actual payment amount for activities completed by an attorney within a fiscal year may be lower than reflected in this report.

Attorney Fee Voucher – A PeopleSoft payment document that includes an itemized invoice submitted for payment by an attorney that has been approved by a judge for service rendered. Under Article 26.05(c) of the Code of Criminal Procedure, “...*No payment shall be made under this article until the form for itemizing the services performed is submitted to the judge presiding over the proceedings or, if the county operates a managed assigned counsel program under Article 26.047, to the director of the program, and until the judge or director, as applicable approves the payment.*”

Attorney Practice Time Report – Captures the percentage of time each attorney handling indigent cases dedicates to indigent defense.

Case Counts – The reported number of cases reflects the total number of cases, not the number of individual clients. A single client may have multiple cases at one time. IDER includes the number of cases paid and disposed or concluded during the fiscal year and cases where attorney withdrew or was substituted.

Court-Appointed Attorney – An attorney appointed by the judge to represent an indigent defendant. The judge can appoint a private attorney or a public defender.

Crime – A misdemeanor punishable by confinement or a felony.

Defendant – A person accused of a crime.

Expert Fees – Money paid by Harris County to a person/entity qualified by the court or by special certifications in a field of study or expertise to provide assistance to a licensed attorney in preparing or presenting a defense for an indigent defendant.

Fiscal Year (FY) – The fiscal years used in the data tables correspond to the Texas fiscal year of October 1st through September 30th.

Indigent Defense – The legal requirement for government to provide an attorney and other defense costs on behalf of adult defendants and juvenile respondents whose life or liberty are at stake and who are financially unable to employ an attorney or pay other defense costs.

Indigent Defense Expenditure Report (IDER) – The Indigent Defense Expenditure Report is the statewide annual report that counties must file to **Texas Indigent Defense Commission (TIDC)** to support transparency, funding formulas, and statewide oversight of indigent defense services.

Investigator Fees – Money paid by Harris County to a person licensed as an investigator or otherwise legally able to conduct investigations for a licensed attorney in preparing a defense for an indigent defendant.

Appendix A

Limited Term Assignment – A private attorney, acting as an independent contractor and compensated with public funds, or the Harris County Public Defender appointed to provide legal representation to indigent defendants who appear before a court for a period of one day or one week.

Managed Assigned Counsel (MAC) Program – A program that manages appointments for people who cannot afford an attorney and are facing misdemeanor criminal charges in the Harris County Criminal Courts at Law.

Master List – List of qualified attorneys who have received approval by a majority vote from the felony board of judges to be included on the graduated list that includes the First-Degree List, the Second-Degree List, the Third-Degree List, and the Post-Conviction List.

Other Attorney Fees – Legal fees including juvenile/CPS attorney fees, invoices billed by total amounts, and out of court activities such as interviews, records request, research, communications, documentation review and preparation, trial preparation, etc. that are necessary for the licensed attorney to prepare an adequate defense for an indigent defendant.

Public Defender's Office (PDO) – Harris County department with full-time attorneys that represent indigent defendants.

Presiding Judge – A judge in charge of a particular court or judicial district.

Respondent – A person accused of a juvenile offense.

Responsive Interventions for Change Docket (RIC)- The RIC focuses on individuals charged with low-level felony drug possession, theft, or prostitution offenses. The RIC docket diverts individuals from jail to community-based services to keep felonies off their records and obtain assistance to prevent reoffending. RIC dockets originate from Felony courts.

Term Voucher – A PeopleSoft payment document that includes an invoice for limited term assignments.

Texas Indigent Defense Commission (TIDC) – The governmental entity responsible for developing policies and standards for providing legal representation and other defense services to indigent defendants at trial, on appeal, and in post-conviction proceedings.

Voucher Information Processing System (ViPS) – An electronic billing system used by Harris County whereby the court-appointed attorneys submit their vouchers/invoices for review and approval by the presiding judge or MAC prior to payment.

Attorney's Fees

Harris County pays attorneys appointed in district courts on an hourly basis.

Trial Level Assignment and Payment Limitations

A limited term assigned attorney can be assigned up to five clients a day. A limited term assigned attorney cannot accept any other trial level appointments for the period of the term. Any cases reset beyond the term of the attorney's assignment will be paid on an individual case assignment basis.

If an attorney appears at court for a court-appointed matter and upon arriving at court that matter is passed by the Court or the defendant has retained counsel present, the attorney shall be allowed to bill for a 30-minute presumption on that case. The attorney may submit a voucher for a presumptive 30 minutes on up to five cases per day.

An attorney appointed to be the limited term attorney in one court who is called to trial in another court should immediately notify the first court that he will not be available the rest of the week.

The limited term assignment hourly rate is calculated based on the number of new case appointments received and each case's offense degree and not the attorney's qualification level. "Cases" in this context means different defendants or a defendant with cases arising from different transactions.

An attorney can accept two individual case assignments per day.

Attorneys in the Specialty Courts or Specialty Dockets are not limited to the five new cases a day limit.

There are no case limits for the submission of vouchers.

Two or more cases tried in a single proceeding are paid as a single case.

Appendix B

Two or more cases tried in one proceeding are paid as one appeal.

The attorney's hourly rate for non-capital offenses is based on the level of the offense charged, without consideration of enhancements. The attorneys appointed in the Specialty Courts or Specialty Dockets will be paid at the attorney's certification level. The attorney's hourly rate for capital murder cases is based on the certification level of First-Chair or Second-Chair from the Eleventh Administrative Judicial Region of Texas Capital Attorney List. If the level of offense changes when a case is indicted and appointed counsel is not qualified for that level of offense, counsel shall contact the Court coordinator so that an attorney from the appropriate list can be substituted. At the discretion of the judge, counsel may remain as lead counsel with payment at counsel's certification level. Suggestion to make this discretionary with the Judge and allow the Court for good cause shown, factual findings of Counsel's ability to handle the matter, and in the interest of justice to allow Counsel to remain.

Appointed attorneys and attorneys seeking public funds for investigative or expert assistance must submit a voucher to the appointing Court in the format specified by the Harris County Administrative Office of the District Courts, including registering to submit vouchers electronically. Appointed attorneys and attorneys seeking public funds for investigative or expert assistance must follow all procedures for payment required by the Harris County Auditor.

All vouchers must be submitted to the appointing Court within 21 days of disposition of the matter or the attorney's withdrawal, unless good cause is shown. Interim vouchers are not allowed, unless good cause is shown.

Hourly

Cases are paid on an hourly basis and have no presumptive maximums. Hours are billed in six-minute increments rounded to the nearest such increment. Attorneys are compensated on the basis of time spent working on the case whether that time is in or out of court.

A bilingual supplement for qualified attorneys on the bilingual list is paid per court appearance.

The attorney is compensated for only one case at a time. For example, if the attorney is in court on two cases, he allocates his time between those two cases for billing purposes; he does not bill for two cases.

The hourly rates are as follows:

Individual Case Appointment (Non-Trial, Out of Court, & Trial Hours)	Rate

Capital, 2nd Chair	\$200
First-Degree	\$175

Appendix F

As an extension of **Figure 6**, the tables below present the caseloads and amounts assigned to the top 50 highest paid court-appointed attorney fees for fiscal years 2023, 2024, and 2025 per IDER. If a case was transferred from one court to another, then the case is counted in both courts; however, the paid amounts are applied to the respective courts.
