RE: Court-Appointed Attorney Billing Review

Date: September 8, 2023

EXECUTIVE SUMMARY

At the request of Commissioners Court, the Internal Audit Division performed a consulting engagement to review indigent defense appointments and fees paid by Harris County to court-appointed attorneys for state fiscal years 2020, 2021, and 2022. The engagement included the following agreed upon procedures:

1. **Review of the Top 50 Court-Appointed Attorneys for Fiscal Years 2020 to 2022:** Provide a list of the highest paid court-appointed attorneys, including payments from all District and Harris County courts (i.e., felony criminal district courts, misdemeanor county criminal courts, juvenile courts, and family courts).
2. **Review of Case Counts and Amounts by Type of Offense:** Provide total cases by count and type of offense that were assigned to the top 50 highest paid court-appointed attorneys.
3. **Review of Case Assignments and Amounts Paid by Court:** Determine the amounts, case counts, and case types assigned by each court to the top 50 highest paid court-appointed attorneys.
4. **Review the Type of Service Payments by Attorney:** Review the attorney billings to determine the amounts paid for court appearances, jail visits, investigations, and expert witnesses for the top 50 highest paid court-appointed attorneys.

The results of our procedures are captured in the Results section and the various appendices.

BACKGROUND

The Texas Code of Criminal Procedure (CCP) Article 26.04 states that judges of the courts “shall adopt and publish written countywide procedures for timely and fairly appointing counsel for an indigent defendant in the county arrested for, charged with, or taking an appeal from a conviction of a misdemeanor punishable by confinement or a felony.” Pursuant to the CCP, an indigent defendant is entitled to have an attorney appointed to represent him or her in any adversary judicial proceeding that may result in punishment by confinement and in any other criminal proceeding if the court concludes that the interests of justice require representation. The CCP defines an indigent person as a person who is not financially able to employ counsel.¹

In 2001, the 77th Texas Legislature passed the Fair Defense Act creating the blueprint for distribution of indigent defense grant funding from the State of Texas to local governments through the creation of the Task Force on Indigent Defense (now known as the Texas Indigent Defense Commission or TIDC). The Fair Defense Act required that all criminal courts in Texas adopt formal procedures for providing appointed attorneys to indigent defendants, allowing for prompt appointment of qualified attorneys.² As a result, the District Court and Harris County Court Plans set the standards and procedures for appointment of counsel for indigent defendants.³

An indigent defendant cannot select the attorney appointed to them. The courts can appoint a private attorney from an approved Master List, a public defender, or through a managed assigned counsel organization to represent the indigent defendant. Private court-appointed attorneys are paid based on the Harris County fee schedule for indigent defense in **Appendix B and C**. Harris County public defenders are attorneys employed by Harris County and are paid through an annual salary.

The Harris County Public Defender’s Office (PDO) was established by Commissioners Court in 2011 to represent persons charged in the misdemeanor, felony, juvenile and appellate courts, who cannot afford to hire an attorney. The public defenders are not appointed for legal representation on capital cases. In addition to indigent defense, the PDO provides services such as representation at 24-hour magistrate hearings 365 days a year, immigration consultation for criminal cases, and community outreach programs.

In October 2020, the Managed Assigned Counsel (MAC) Program was implemented to manage appointments for people who cannot afford an attorney and are facing misdemeanor criminal charges in the Harris County Criminal Courts at Law.

Court-appointed attorneys are provided to an indigent criminal defendant, juvenile respondent, or ad litem for minors in abuse and neglect cases. These courts can be grouped into the primary areas as illustrated in **Figure 1**.

RESULTS

PROCEDURE 1: REVIEW OF THE TOP 50 COURT-APPOINTED ATTORNEYS FOR FISCAL YEARS 2020 to 2022

Attorney billing for the District Courts and Harris County Courts is processed through the Voucher Information Processing Systems (ViPS). The attorney submits a fee voucher in ViPS, and the system routes the invoice to the appropriate levels for approval, including the Presiding Judge. The ViPS data includes court-appointed attorneys fees from the District, County Criminal, and Family Courts, but excludes fees related to death writs, expunged, or sealed cases. However, TIDC reports the amounts paid on these highly sensitive matters.

The court-appointed attorneys annually self-report the percentage of their time spent on Harris County indigent defense cases by submitting an Attorney Practice Time Report to TIDC as mandated by CCP Article 26.04(j). The attorney self-reported practice time does not represent the percentage of revenue associated with his/her firm.

During the 86th Legislature, Senate Bill 560 established new reporting requirements for child protective services (CPS). Beginning in fiscal year 2022, TIDC required counties to provide a detail breakdown of court-ordered CPS representation. As a result, CPS cases are only included in the total number of cases and paid amounts for fiscal year 2022 in the subsequent tables.

Figure 4 lists the top 50 highest paid court-appointed attorneys based on combined total amounts for fiscal years 2020, 2021, and 2022, including their self-reported practice time. Attorneys who did not self-report their Attorney Time Report for Harris County are marked as a N/A in **Figure 4**. The amounts paid to these attorneys were obtained from ViPS. The paid amounts in **Figure 4** relate to indigent defense services performed by the attorney, but they do not include fees paid to an attorney for reimbursement of expert witness or investigation costs. The total payments, including expert witness and investigation pass-through costs paid to court-appointed attorneys, are presented in **Figures 7 and 8**.

PROCEDURE 2: REVIEW OF CASE COUNTS AND AMOUNTS BY TYPE OF OFFENSE

Attorney case counts obtained from ViPS reflect the cases that were paid during the reported fiscal year, while the reported TIDC case counts reflect the number of cases that were disposed or finalized during the fiscal year. A court-appointed attorney usually submits the voucher for payment after disposition or dismissal of the case. Therefore, the amount paid in one fiscal year may include services provided in prior periods if the case duration extended over multiple fiscal years.

In addition to an individual case assignment, an attorney may be appointed to provide indigent representation for a limited term assignment or a term assignment. A limited term assignment is for a period of one to five days, while a term assignment is for a period of more than one week but not more than one year in the respective courts. Harris County District Court discontinued term assignments approximately two years ago and Harris County Courts discontinued term assignments approximately one year ago. However, the data source did not segregate limited from term assignments.

The degree of the offense will impact the difficulty, time, and related costs to adequately represent an indigent defendant. Per the TIDC's Guidelines for Indigent Defense (Guidelines), Texas attorneys should carry an annual full-time equivalent caseload for the delivery of reasonably effective representation of no more than the following case totals:

- 236 Class B Misdemeanors
- 216 Class A Misdemeanors
- 174 State Jail Felonies
- 144 Third Degree Felonies
- 105 Second Degree Felonies
- 77 First Degree Felonies⁶

In addition, the "Texas Rules of Professional Conduct and the Performance Guidelines for Non-Capital Criminal Defense Representation of the State Bar of Texas require of lawyers sufficient knowledge, skill, preparation, time and resources for adequate representation. Furthermore, when attorneys cannot provide such representation, professional conduct rules and standards dictate that they should decline or withdraw from the case."⁷ Private attorneys may accept more cases than the Guidelines recommend. PDO case limits are consistent with those recommended by the TIDC.

Figure 5 displays the case counts, number of term assignment vouchers, and amounts paid by case type for the top 50 highest paid court-appointed attorneys based on ViPS data for fiscal years 2020, 2021, and 2022.

PROCEDURE 3: REVIEW OF CASE ASSIGNMENTS AND AMOUNTS PAID BY COURT

Figure 6 provides the case counts, number of term assignment vouchers, and amounts paid by each court for court-appointed attorneys in fiscal years 2020, 2021, and 2022.

See **Appendix D** for details of caseload assignments and amounts paid by each court to the top 50 highest paid court-appointed attorneys based on consolidated amounts for the prior three fiscal years. See **Appendix E** for the PDO appointments by each court and **Appendix F** for details of court appointments for each of the top 50 highest paid court-appointed attorneys.

Due to the creation of the 482nd District Court in September 2021, no data exists for the court prior to that period in **Figure 6**.

PROCEDURE 4: REVIEW THE TYPE OF SERVICE PAYMENTS BY ATTORNEY

Payments to court-appointed attorneys are categorized by service types, which are defined as follows:

- **Attorney Fees:**
 - In Court Activities include court appearances for hearing, motions, trials, etc.
 - Jail Visit is time charged for in person jail visitation with the client.
 - Term Assignment Fees are amounts paid to attorneys assigned for providing legal representation for indigent defendants for a period of time as granted by the limited term assignment or the term assignment.
 - Other Attorney Fees include juvenile attorney fees, CPS attorney fees, non-itemized invoices, and out-of-court activities, such as interviews, records request, research, communications, documentation review and preparation, trial preparation, etc.
- **Expert Fees:** Expert witness fees are incurred by a court-appointed attorney in preparing or presenting a defense for an indigent defendant and submitted for payment/reimbursement in ViPS. This cost is in addition to the attorney fees billed for legal services.
- **Investigator Fees:** Investigator fees are incurred by a court-appointed attorney in preparing or presenting a defense for an indigent defendant and submitted for payment/reimbursement in ViPS. This cost is in addition to the attorney fees billed for legal services.

The table below presents a summary of total fees, by service type, paid to attorneys for each of the previous three fiscal years combined.

*Note: Variances in Figures 6 and 7 for total attorney costs are due to rounding and fee adjustments.

Figure 8 presents the amounts paid to the top 50 court-appointed attorneys for the three fiscal years 2020 through 2022 combined. The amounts displayed include a breakdown of attorney fees, as well as the expert witness and investigator pass-through costs invoiced by the attorney. **Appendix G** presents the amounts by each fiscal year: 2022, 2021, and 2020, respectively. The data presented is limited to the accuracy of information entered by the attorney in ViPS. The category labeled as “Other Attorney Fees” includes payments that were approved with supporting invoices or affidavits uploaded to ViPS that are not itemized by fee type in ViPS. ViPS does not include attorney fees, expert witnesses, or investigators costs related to death writs, expunged, or sealed cases.

FEE SCHEDULE

Attorney's Fees

Harris County pays attorneys appointed in district courts either per hour, per court appearance, or per court appearance plus out-of-court hours.

Trial Level Assignment and Payment Limitations

A term assigned lawyer can be assigned up to five clients a day. A term assigned lawyer cannot accept any other trial level appointments for the period of the term. Any cases reset beyond the term of the attorney's assignment will be paid on an individual case assignment basis.

An attorney should not sign on as a limited term attorney in one court when he has an appointed matter in another court on the same day, except that an appointed trial setting in one court will not prevent an attorney from accepting a limited term appointment in another court on the same day.

An attorney appointed to be the limited term attorney in one court who is called to trial in another court should immediately notify the first court that he will not be available the rest of the week.

An attorney can accept two individual case assignments per day.

An attorney being paid on the basis of court appearances can be paid for up to four cases per day for court appearances that occur on or after July 1, 2010. Attorneys can be paid for up to three cases per day for court appearances that occurred prior to July 1, 2010. "Cases" in this context means different defendants or a defendant with cases arising from different transactions, i.e., different offense reports.

Limits on clients and / or cases above are waived for vouchers submitted since August 28, 2017, until further notice during post-Harvey displacement of courts and dockets. Attorneys may accept two limited term assignments in one day for a morning and afternoon docket, but may not accept two limited term assignments for two morning dockets in the same day nor two afternoon dockets in the same day, during post-Harvey displacement of courts and dockets.

Two or more cases tried in a single proceeding are paid as a single case.

Appendix B

Two or more cases tried in one proceeding are paid as one appeal.

The attorney's pay rate is based on his certification level and the level of the offense charged, without consideration of enhancements. If the offense level drops, the attorney will be paid at the higher rate for the entire course of the representation.

Appointed attorneys and attorneys seeking public funds for investigative or expert assistance must submit a voucher to the appointing Court in the format specified by the Harris County District Courts Administrative Office, including registering to submit vouchers electronically. Appointed attorneys and attorneys seeking public funds for investigative or expert assistance must follow all procedures for payment required by the Harris County Auditor.

All vouchers must be submitted to the appointing Court within 21 days of disposition of the matter or the attorney's withdrawal, unless good cause is shown.

Hourly

Cases paid on an hourly basis have no presumptive maximums. Hours are billed in six-minute increments rounded to the nearest such increment. Attorneys are compensated on the basis of time spent working on the case whether that time is in or out of court. The attorney is compensated for only one case at a time. For example, if the attorney is in court on two cases, he allocates his time between those two cases for billing purposes; he does not bill for two cases. There is no bi-lingual supplement on cases paid on an hourly basis.

Attorney's Fees

Harris County pays attorneys appointed in district courts on an hourly basis.

Trial Level Assignment and Payment Limitations

A limited term assigned attorney can be assigned up to five clients a day. A limited term assigned attorney cannot accept any other trial level appointments for the period of the term. Any cases reset beyond the term of the attorney's assignment will be paid on an individual case assignment basis.

If an attorney appears at court for a court-appointed matter and upon arriving at court that matter is passed by the Court or the defendant has retained counsel present, the attorney shall be allowed to bill for a 30-minute presumption on that case. The attorney may submit a voucher for a presumptive 30 minutes on up to five cases per day.

An attorney appointed to be the limited term attorney in one court who is called to trial in another court should immediately notify the first court that he will not be available the rest of the week.

The limited term assignment hourly rate is calculated based on the number of new case appointments received and each case's offense degree and not the attorney's qualification level. "Cases" in this context means different defendants or a defendant with cases arising from different transactions.

An attorney can accept two individual case assignments per day.

Attorneys in the Specialty Courts or Specialty Dockets are not limited to the five new cases a day limit.

There are no case limits for the submission of vouchers.

The attorney's hourly rate for non-capital offenses is based on the level of the offense charged, without consideration of enhancements. The attorneys appointed in the Specialty Courts or Specialty Dockets will be paid at the attorney's certification level. The attorney's hourly rate for capital murder cases is based on the certification level of First-Chair or Second-Chair from the Eleventh Administrative Judicial Region of Texas Capital Attorney List. If the level of offense changes when a case is indicted and appointed counsel is not qualified for that level of offense, counsel shall contact the Court coordinator so that an attorney from the appropriate list can be substituted. At the discretion of the judge, counsel may remain as lead counsel with payment at counsel's certification level. Suggestion to make this discretionary with the Judge and allow the Court for good cause shown, factual findings of Counsel's ability to handle the matter, and in the interest of justice to allow Counsel to remain.

Appointed attorneys and attorneys seeking public funds for investigative or expert assistance must submit a voucher to the appointing Court in the format specified by the Harris County Administrative Office of the District Courts, including registering to submit vouchers electronically. Appointed attorneys and attorneys seeking public funds for investigative or expert assistance must follow all procedures for payment required by the Harris County Auditor.

All vouchers must be submitted to the appointing Court within 21 days of disposition of the matter or the attorney's withdrawal, unless good cause is shown. Interim vouchers are not allowed, unless good cause is shown.
