The Government Finance Officers Association of the United States and Canada (GFOA) has given an award for Outstanding Achievement in Popular Annual Financial Reporting to Harris County, Texas, for the fiscal year ended September 30, 2024. The Award for Outstanding Achievement in Popular Annual Financial Reporting is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government popular reports.

In order to receive an Award for Outstanding Achievement in Popular Annual Financial Reporting, a government unit must publish a Popular Annual Financial Report, whose contents conform to program standards of creativity, presentational understandability and reader appeal. An Award for Outstanding Achievement in Popular Annual Financial Reporting is valid for a period of one year only. We believe our current report conforms to the Popular Annual Financial Reporting requirements, and therefore are submitting it to the GFOA.

Executive Director/CEO

# A Message from the County Auditor

I am pleased to present the Harris County Popular Annual Financial Report (PAFR) for the fiscal year ended September 30, 2025. The purpose of this report is to provide an overview of the County's finances in a format that is readable and easy to understand. The PAFR is designed to provide a summary of the County's financial position as well as an overview of economic, demographic, and other trends in the local economy.

The PAFR is prepared by the Harris County Auditor's Office, using financial information taken from the 2025 Annual Comprehensive Financial Report. The Annual Comprehensive Financial Report includes full financial statements and note disclosures for all County funds and component units, prepared in accordance with Generally Accepted Accounting Principles (GAAP). The Annual Comprehensive Financial Report was audited by Deloitte and Touche, LLP, and received an unmodified opinion.

The PAFR condenses and simplifies information found in the Annual Comprehensive Financial Report, and is not intended to replace the Annual Comprehensive Financial Report. Information in the PAFR is unaudited and is not prepared in accordance with GAAP, due to its condensed and simplified presentation.

Those seeking a deeper understanding of the County's finances are encouraged to review a copy of the County's Annual Comprehensive Financial Report, which is available on the County Auditor's website at [www.harriscountytexas.gov/auditor](http://www.harriscountytexas.gov/auditor).

I invite you to share any questions, feedback or recommendations you may have by contacting our office at 832-927-4600.

Sincerely,

A handwritten signature in black ink that reads "Michael Post". The signature is fluid and cursive, with a long horizontal line extending from the end of the name.

Michael Post, CPA, CIA  
Harris County Auditor

# Profile of Harris County

## *A Brief History*

Archaeological sites in Harris County reveal evidence of human habitation as far back as 6,000 years ago. In 1528, the Texas Gulf Coast was claimed by Spain, and in 1821 the region became part of an independent Mexico. The Mexican government granted Stephen F. Austin permission to establish a colony that included Harris County. In 1826, John R. Harris, one of the colony's early settlers, opened a store and built a saw mill where Brays Bayou joined Buffalo Bayou. After Texas became independent, Harrisburg County was formed, but in 1839, the county's name was changed to Harris County in honor of John R. Harris.

In 1836, two other early Harris County settlers, A. C. and John Allen, set aside a full square block in their original plat of Houston for a County Courthouse. It was called "Courthouse Square." In March 1837, county government convened under the boughs of a Courthouse Square tree until a courthouse could be built. In 1838, the County's first courthouse was completed and was situated on the northwest corner of the square. It was a crude log cabin with a broad passage between the two rooms. On one side of the passage was a courtroom and on the other was a jail. The jail was simply a square log box having neither doors nor windows. A trap door in the roof was used to lower prisoners inside with a ladder.

In 1851, a two-story brick structure was built and stood staunchly until 1857, when "instability in the walls" raised fears and it was vacated. In 1860, a \$25,000 two-story masonry structure was begun, but it was converted into a

1823 Old Place - Oldest known structure in Harris County

Confederate ammunition factory and military officers' quarters.

After the Civil War, repairs and remodeling went on for 15 years. In 1882, a storm damaged the building so badly it was declared unsafe and torn down to make room for a "larger and more pretentious building." A Victorian style structure, costing \$98,000 and hailed as a "first-class" courthouse, was built in 1884. It stood for 25 years before being replaced in 1910.

The fifth courthouse was constructed of pink Texas granite and brick, reaching 210 feet into the modest Houston skyline. In 1910, this was almost 100 feet above the highest point of any other Houston building. The stairwell and rotunda were lined with "the most perfectly matched marble in the United States." Every piece was measured and fitted at the Georgia quarry, and the panels were placed so that the veins of the marble formed all kinds of figures - from owls and peacocks to women's figures. The courthouse attracted visitors from all over the country. It is still in use today and houses the Texas Judicial Branch of the Courts of Appeals.

## *Geographic Location and Population*

Harris County is located in the Gulf Coast region of Texas, approximately 50 miles from the Gulf of Mexico, and covers over 1,700 square miles with an estimated 5 million residents. Harris County continues to be the nation's third largest county in terms of population and one of the fastest growing counties with 38% growth since 2004. Over a 20-year period, Harris County's population has grown more than twice as fast as the nation's population.

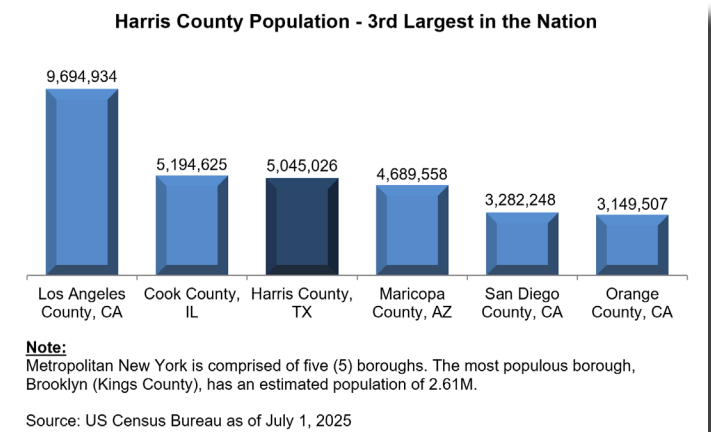

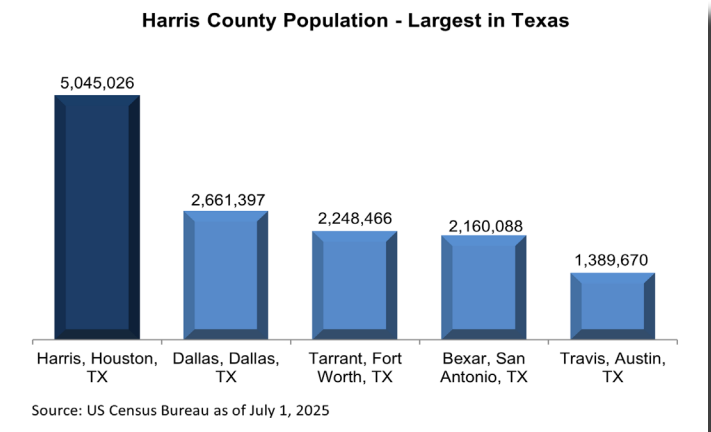

## Services

Harris County is a political subdivision of the State of Texas, and Commissioners Court is the governing body of the County. It is composed of the County Judge, elected from the County at large, and four Commissioners, each elected from a separate precinct. All are elected for four-year terms. The County Judge is the presiding officer of the Commissioners Court.

The County (the primary government) and its component units, solely or in cooperation with other local governmental entities, provide a full range of services as allowed by the Texas Constitution and Statutes including construction and maintenance of roads and bridges, health and housing services, social services, judicial and law enforcement, juvenile and adult justice programs, economic development, a library system, parks, recreation and cultural enrichment, flood control, a sports and entertainment complex, and general administration.

## Economic Outlook for Harris County

Economic conditions have a direct impact on the County's revenues and demand for services. Harris County has experienced tremendous growth since the start of the 21st century with an expanding, diversified local economy that has outperformed most of the country. The energy business has played a large part in this growth, along with the relatively low cost of living, affordable housing, and an expanding transportation system.

The Houston region is designated as the Houston-The Woodlands-Sugar Land Metropolitan Statistical Area (MSA), and it comprises Harris County and eight other counties. The U.S. Bureau of Economic Analysis estimates metro Houston's Gross Domestic Product (GDP) at approximately \$697 billion. Twenty-six companies on the 2025 Fortune 500 list are headquartered in the Houston area. No single industry dominates Houston employment.

The current price of West Texas Intermediate (WTI) crude oil as of September 2025 is approximately \$63 per barrel, which is a decrease from September 2024 per the U.S. Energy Information Administration. Oil prices decreased in the last year due to many factors in the economy.

The preliminary September 2025 unemployment rate for the Houston MSA was 4.8% compared to the national average of 4.4%. The State's preliminary unemployment rate for September 2025 was 4.1%.

The Houston-The Woodlands-Sugar Land, Texas area had a Consumer Price Index (CPI) that was 1.1% higher than other large urban areas as calculated for September 2025 by the Bureau of Labor Statistics. The Houston area's higher CPI is due in part to a higher CPI for all items (less food and energy) than other large urban areas.

Houston has one of the world's busiest ports and an excellent airport system that are integral components of the regional economy. Port Houston is one of the largest ports in the world. Port Houston includes the Houston Ship Channel, which connects the Houston area terminals and the Gulf of Mexico and is the location of one of the world's largest petrochemical complexes. The Houston Airport System includes three airports and has non-stop flights from Houston to more than 182 destinations across five continents. The airport system served over 62.4 million passengers in the 12 months ending October 2025 and is recognized worldwide as a key global gateway with strong connectivity to Latin America.

### Unemployment Rates

**Note:** Rates as of December 31 each year

Per the Multiple Listing Service of the Houston Association of Realtors, sales of single-family homes increased 3.8% in September of 2025 versus September of 2024. The Greater Houston Housing Market showed signs of stability after recent market fluctuations. Inventory expanded from a 4.4-months' supply to 5.4 months over the last 12 months, the highest since September 2012.

The County's major hospitals consistently rank among the nation's top institutions. Many of these facilities are located in the Texas Medical Center, a non-profit organization devoted to health education, research, and patient care. Located just south of downtown Houston, the Texas Medical Center includes 21 hospitals and eight academic and research institutions and employs over 100,000 people. The Texas Medical Center is at the forefront of research and treatment of cancer and heart disease.

Texas Southern University

UT MD Anderson Cancer Center - Texas Medical Center

Educational opportunities play a key role in Harris County's quality of life. The County has a number of acclaimed school districts and outstanding colleges and universities. Major institutions of higher learning include Rice University, Texas Southern University, University of Houston, University of St. Thomas, and Houston Baptist University. Houston's four medical schools are the University of Texas Medical School, Baylor College of Medicine, the Houston campus of the Texas A&M Health Science Center College of Medicine, and the University of Houston Medical School.

Cultural attractions within Houston include a thriving theater district and numerous museums. Year-round resident companies in the major performing arts include the Houston Symphony Orchestra, the Houston Grand Opera, the Houston Ballet, and the Alley Theater. Major museums include the Museum of Fine Arts, the Contemporary Arts Museum, and The Menil Collection.

# Financial Position Statement

The Harris County Financial Position Statement, known in accounting terms as the “Statement of Net Position,” presents the financial condition of the County at a specific point in time (in this case, as of the end of the County’s fiscal year September 30, 2025, and fiscal year ended September 30, 2024).

## Financial Statement Comments

The financial information in the Harris County Statement of Net Position is derived from information presented in Harris County’s Annual Comprehensive Financial Report for 2025. The report is lengthy and somewhat complex. However, it is available on the County Auditor’s webpage, [www.harriscountytexas.gov/auditor](http://www.harriscountytexas.gov/auditor). The condensed statements presented herein do not include the detail presented in the Annual Comprehensive Financial Report, including footnotes required for full disclosure.

In addition, the statements do not include information related to Harris County’s discrete component units (separate legal entities whose financial information is provided in the Annual Comprehensive Financial Report separately from the County’s financial information).

The Annual Comprehensive Financial Report distinguishes between Governmental Activities (Governmental Funds) and Business-Type Activities (Proprietary Funds). Governmental Activities are generally financed through taxes, intergovernmental revenues, fines, grants, etc. Business-Type Activities such as Harris County’s Toll Road Authority are financed by fees charged to external parties for goods or services. The Statement of Net Position, included in this PAFR, combines Governmental Activities and Business-Type Activities for reporting purposes.

Harris County Statement of Net Position (in millions)		
	2025	2024
Current and other assets	\$ 6,224	\$ 6,465
Capital assets	17,247	16,936
Total assets	23,471	23,401
Deferred outflows of resources	1,519	1,916
Current and other liabilities	1,327	1,578
Long-term liabilities (including current portion)	9,995	11,669
Total liabilities	11,322	13,247
Deferred inflows of resources	2,365	1,113
Net position:		
Net investment in capital assets	11,228	11,232
Restricted	2,317	1,923
Unrestricted	(2,242)	(2,198)
Total net position	\$ 11,303	\$ 10,957

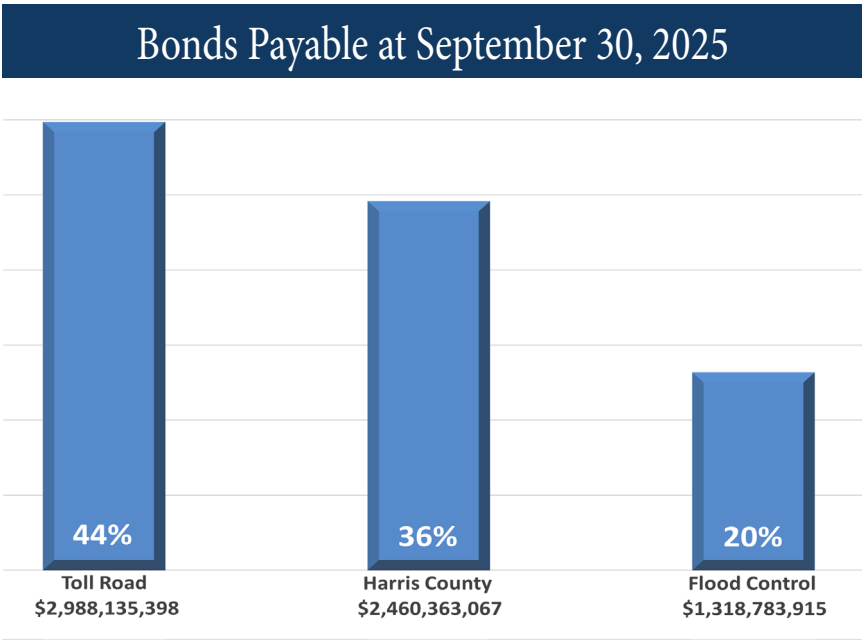

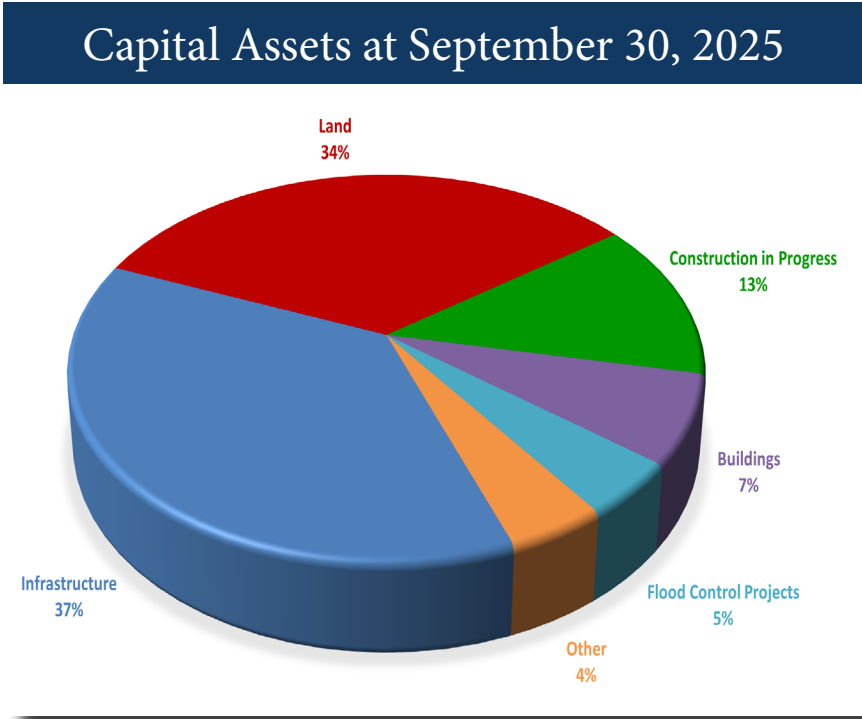

## Capital Assets

The County’s capital assets include land, improvements, structures, park improvements and facilities, infrastructure, equipment, vehicles, machinery, other tangible and intangible assets, and construction in progress. Major capital asset projects include the following:

- The County has several ongoing capital improvement projects, including replacement facilities for the Harris County Sheriff’s Office operations, renovations of other buildings, and improvements to County roads.
- The Flood Control District participates in ongoing flood damage reduction and mitigation projects to reduce flood risk within the County.
- The Harris County Toll Road Authority has several ongoing construction projects including the Hardy Toll Road Downtown Connector, the Ship Channel Bridge, and implementation of the Barrier-Free Program to convert to an all-electronic tolling system and remove toll plazas to reduce accidents.

## Bonded Debt and Commercial Paper

Bonded debt of the County consists of various issues of General Obligation Bonds, Certificates of Obligation, and Revenue Bonds. General Obligation Bonds and Certificates of Obligation are direct obligations of the County with the County’s full faith and credit pledged toward the payment of this debt. Revenue Bonds are generally payable from the pledged revenue generated by the respective activity for which the bonds are issued. In addition to the outstanding bonded debt of the County, the Commissioners Court has established a general obligation commercial paper program secured by ad valorem taxes for the purpose of financing various short-term assets and temporary construction financing for certain long-term capital assets.

# *Statement of Revenues, Expenditures and Changes in Fund Balances*

The Statement of Revenues, Expenditures and Changes in Fund Balances provides a record of funds received and spent during the year for governmental funds, with the difference between the two resulting in the current year change in fund balance.

# Other Financial Initiatives

---

## *Major Initiatives*

Harris County – Maintaining and expanding Harris County facilities, transportation systems, and infrastructure, to serve a rapidly growing population is a challenging and essential function of the County. As such, the County provides annual updates to its capital improvement program. Major Initiatives include:

- 2018 Flood Control Bond Program – This program has significant initial investments in “worst-first” projects to achieve equitable flood mitigation; significant construction using grant funds on both the County’s Road and Bridge Subdivision Drainage Program and the Flood Control District’s portion of the Bond Program.
- HCTRA Barrier-Free Program – This program will remove toll plazas to reduce accidents, save lives, and decrease injuries on toll roads. The program also encompasses drainage and other improvements along toll roads. It will reduce maintenance and operating costs and improve traffic flow.
- Hardy Downtown Connector – This new road will extend the Hardy Toll Road to downtown Houston, improving traffic flow and generating revenue, while incorporating community input and environmental mitigation.
- Riverside Health and Safety Complex – The complex will repurpose historical buildings to host the ACCESS Harris initiative and community engagement centers. Additionally, a new building will serve as the headquarters for Harris County Public Health.
- Adult Detention Facility Renovation – The program will address urgent deferred maintenance needs at adult detention facilities, including security, emergency generators, fire alarms, fire sprinklers, communications, elevators, plumbing, electrical, heating, ventilation, and air conditioning (HVAC) to ensure detention facilities can operate safely in the coming years.
- New Harris County Sheriff’s Office headquarters at 5910 Navigation – This new facility will provide a new headquarters for the Sheriff’s Office and a community center for residents.

Flood Control District – The Flood Control District’s most significant capital effort remains the 2018 Bond Program, a voter-approved \$5.2 billion investment in flood risk reduction across Harris County. The District is delivering transformative projects, with major construction accelerating in FY25. At the same time, the District is advancing the community’s call for a stronger, more proactive maintenance program, reinforced by the voter-approved 2024 tax increase. Looking ahead, initiatives such as the Solutions for Advancing Floodplan Evaluation and Resilience (SAFER) Study and the Flood Resilience Plan are positioning the Flood Control District to guide long-term mitigation and resilience for generations to come.

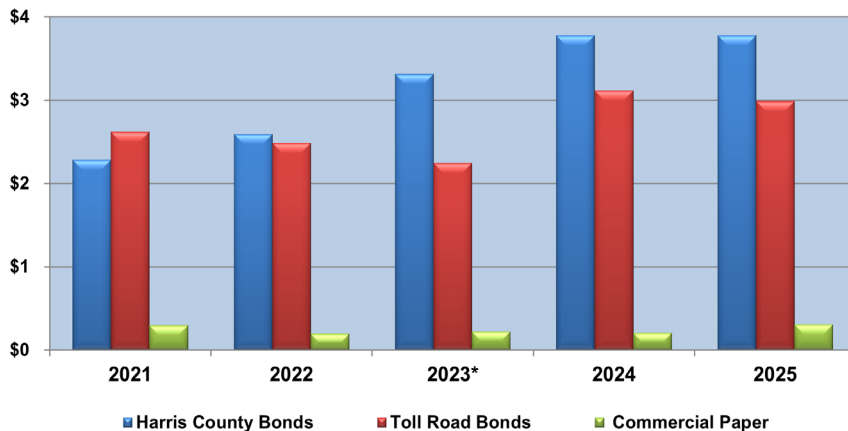

Toll Road Authority – The Authority’s focus remains on completing construction of the new Ship Channel Bridge, implementation of the Barrier-Free Program (conversion to an all-electronic tolling system), implementation of the Hardy Downtown Connector, evaluating and developing opportunities for improvements along the Westpark Corridor, leveraging strategic partnerships to improve operational efficiencies and a strategic plan that charts a roadmap for the future of the agency. The strategic plan focuses on a framework for resiliency and sustainability programming, and long-range capital planning which advances projects in line with Commissioners Court’s overall vision for transportation for the County.

*Other Financial Information*

**Governmental Activities Long-Term Liabilities Per Capita  
Compared to Other Counties**

**Outstanding Commercial Paper and Bond Indebtedness  
(in billions)**

Note: Harris County Bonds also include Flood Control Bonds

\* During 2022, the County changed its fiscal year-end from February 28/29 to September 30.

The amounts above reflect a Mar - Feb period through 2022 and an Oct - Sep period beginning in 2023.

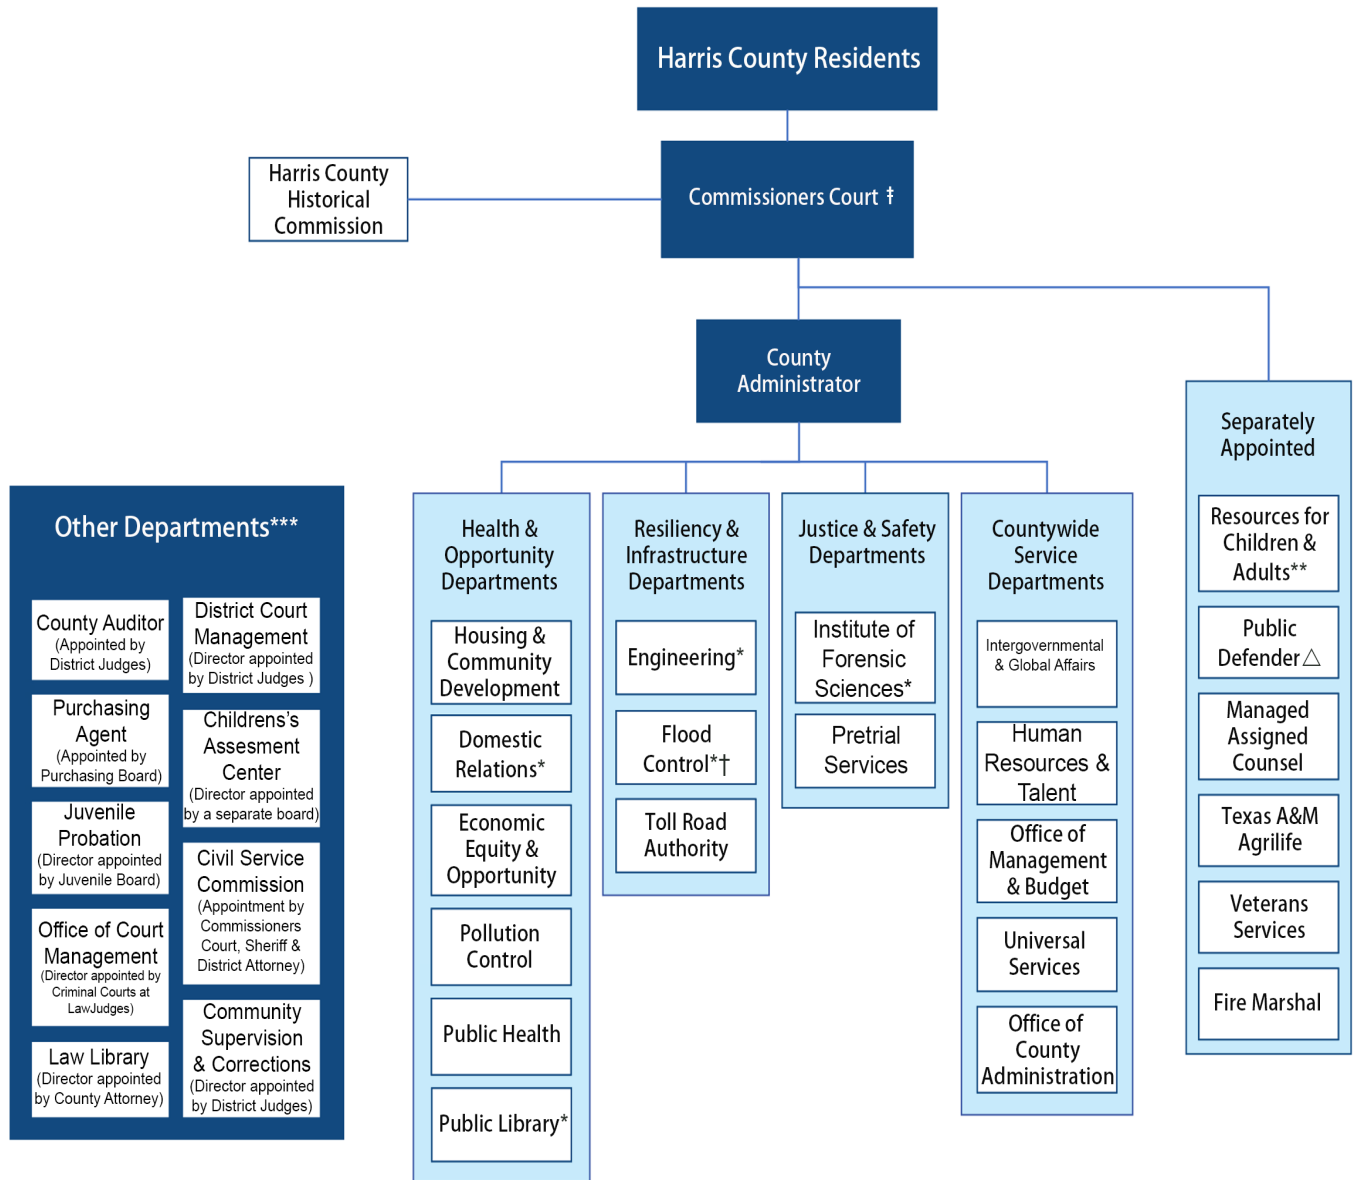

**Harris County  
Long-Term Bond Ratings**

Bond Rating Service	Bond Rating
Moody's Investors Service, Inc.	Aaa
Standard & Poor's Rating Service	AAA
Fitch IBA, Inc.	AAA
Kroll Bond Rating Agency	AAA

The best companies, governments, and organizations receive AAA ratings. Borrowing is less costly with a high bond rating.

Elected Officials***						
Sheriff's Office	Constables Precincts 1-8	County Courts at Law	Justices of the Peace	Courts of Appeal	County Attorney	County Treasurer
District Attorney	District Clerk	Justices of the Peace	Probate Courts	County Clerk	Tax Assessor-Collector	

### Notes

- \* Hiring and firing of department head by the County Administrator requires ratification by Commissioners Court.
- \*\* Hiring and firing of department head done by a board or group of elected officials other than Commissioners Court.
- \*\*\* Elected officials and other departments may or may not have their funding approved through Commissioners Court and may not receive coordination support for budget, agenda, and operations from the Office of County Administration.
- Δ Hiring and firing department head by Commissioners Court must take into account recommendations of a separate board.
- † County Administrator serves as the Flood Control Manager with the rights and responsibilities set forth in statute to provide oversight of the Flood Control District. A separate Executive Director retains the day-to-day operational duties and powers.
- ‡ County Judge oversees the Office of Homeland Security and Emergency Management.
